

# Transportation Advisory Council

## Calendar

### March

January - March: Gather data for projects to be considered for ranking.

**1ST QUARTER** - Finalize data collection, photos, public comments, compilation of local projects to be considered by the TAC for inclusion on the new needs list for ranking. Submit to RPC all info to be added to needs list.

### June

April - June: Narrow down/ finalize project list to be considered for ranking.

**2ND QUARTER** - TAC will decide which projects will be added to the needs list for ranking considerations. The official project list will be provided to each TAC member in mid-July to early August for voting.

### September

July - September: Review projects on needs lists. Submit final needs rankings.

**3RD QUARTER** - Ranking sheets will be submitted by all TAC members and will be tabulated. The final tabulation of results will be reviewed by the TAC prior to approval for submission to MoDOT by Sept./Oct.

### December

October - December: Start the process over again. Begin search for new projects.

**4TH QUARTER** - Identify local projects that you wish to be considered by the TAC for inclusion on the annual needs ranking list. Consider updates, improvements to the ranking process, policy changes, etc.
